WOLVERINE STACK

THE REGENERATIVE PEPTIDE STACK

CLEAN RESEARCH REFERENCE • EDUCATIONAL OVERVIEW • NOT MEDICAL ADVICE

WHAT IS IT?

The Wolverine Stack is a combination of two powerful regenerative peptides:
BPC-157 + TB-500

It is commonly used to support tissue repair, recovery, injury healing, and overall body resilience.

Popular with athletes, active individuals, and anyone focusing on recovery and performance.

THE CORE PEPTIDES

BPC-157

Supports healing of muscles, tendons, ligaments, joints and gut lining. Promotes angiogenesis, reduces inflammation and accelerates tissue repair.

HEAL & REPAIR

TB-500

Promotes cell migration and tissue repair. Supports flexibility, reduces inflammation and enhances recovery of soft tissue and muscles.

BUILD & REBUILD

Different protocols may vary slightly.

HOW IT WORKS TOGETHER | SIMPLE TERMS

1 BPC-157

- Accelerates healing at the site of injury
- Supports tendon, ligament and muscle repair
- Helps reduce inflammation and pain
- Supports gut and connective tissue health

2 TB-500

- Promotes cell movement to injury sites
- Supports muscle, tendon and ligament recovery
- Improves flexibility and reduces scar tissue
- Enhances overall soft tissue repair

TOGETHER: FASTER HEALING • STRONGER TISSUE • BETTER RECOVERY

POTENTIAL BENEFITS

Faster recovery from injuries and training

Supports healing of tendons, ligaments, muscles and joints

Improved mobility, flexibility and performance

Reduces inflammation and supports tissue regeneration

Supports overall body resilience and function

WHO MAY CONSIDER A WOLVERINE STACK?

Athletes & bodybuilders

Those recovering from injuries

Active individuals & fitness enthusiasts

Individuals with tendon or joint issues

Anyone wanting to support long-term healing & resilience

Always consult with a qualified healthcare professional before starting any peptide protocol.

WHAT USERS MAY TRACK IN A CLINICAL CONTEXT

- ✓ Recovery time
- ✓ Pain & inflammation
- ✓ Mobility & flexibility
- ✓ Strength & performance
- ✓ Scar tissue improvement
- ✓ Overall quality of life

KEY TAKEAWAY

The Wolverine Stack (BPC-157 + TB-500) is designed to work synergistically to enhance healing, support tissue repair, reduce inflammation and improve recovery and performance.
